Bain, J. F., Jansen, R. K.: A phylogenetic analysis of the aureoid *Senecio* (*Asteraceae*) complex based on ITS sequence data . . . . . 209

Bain, J. F., Walker, J.: A comparison of the pollen wall ultrastructure of aureoid and non-aureoid *Senecio* species (*Asteraceae*) in North America . . . . . 199

Barthlott, W., s. Rose, M.-J.

Behnke, H.-D.: P-type sieve-element plastids and the systematics of the *Arales* (sensu Cronquist 1988) – with S-type plastids in *Pistia* . . . . . 87

Bergström, G., Dobson, H. E. M., Groth, I.: Spatial fragrance patterns within the flowers of *Ranunculus acris* (*Ranunculaceae*) . . . . . 221

Cowling, R. M., s. McDonald, D. J.

Dagne, K.: Karyotypes, C-banding and nucleolar numbers in *Guizotia* (*Compositae*) 121

Dobson, H. E. M., s. Bergström, G.

Erhardt, A., Jäggi, B.: From pollination by *Lepidoptera* to selfing: the case of *Dianthus glacialis* (*Caryophyllaceae*) . . . . . 67

Figueiredo, M. R., Kaplan, M. A. C., Gottlieb, O. R.: Diterpenes, taxonomic markers? . . . . . 149

Godt, M. J. W., Hamrick, J. L.: Low levels of allozyme differentiation between *Pyxidanthera* (pyxie-moss) taxa (*Diapensiaceae*) . . . . . 159

Gottlieb, O. R., s. Figueiredo, M. R.

Groth, I., s. Bergström, G.

Hamrick, J. L., s. Godt, M. J. W.

Jäggi, B., s. Erhardt, A.

Jansen, R. K., s. Bain, J. F.

Johnson, S. D., Steiner, K. E.: Long-proboscid fly pollination of two orchids in the Cape Drakensberg mountains, South Africa . . . . . 169

Juritz, J. M., s. McDonald, D. J.

Kaplan, M. A. C., s. Figueiredo, M. R.

Knottenbelt, W. J., s. McDonald, D. J.

Mabry, T., s. Miao, B.

McDonald, D. J., Juritz, J. M., Cowling, R. M., Knottenbelt, W. J.: Modelling the biological aspects of local endemism in South African Fynbos . . . . . 137

Miao, B., Turner, B., Mabry, T.: Molecular phylogeny of *Iva* (*Asteraceae*, *Heliantheae*) based on chloroplast DNA restriction site variation . . . . . 1

Okada, H.: Karyological studies of four genera of the *Chloranthaceae* . . . . . 177

Pils, G., Prosser, F.: *Festuca austrodolomitica*, a new species of the *F. halleri* group (*Poaceae*) from the SE Alps . . . . . 187

Prosser, F., s. Pils, G.

Raamsdonk, L. W. D. van, Vries, T. de: Species relationships and taxonomy in *Tulipa* subg. *Tulipa* (*Liliaceae*) . . . . . 13

Rose, M.-J., Barthlott, W.: Pollen-connecting threads in *Heliconia* (*Heliconiaceae*) 61

Salmanowicz, B. P.: Comparative study of seed albumins in the Old-World *Lupinus* species (*Fabaceae*) by reversed-phase HPLC . . . . . 77

Schutte, A. L., Vlok, J. H. J., Van Wyk, B.-E.: Fire-survival strategy – a character of taxonomic, ecological and evolutionary importance in fynbos legumes . . 243
Steiner, K. E., s. Johnson, S. D.
Turner, B., s. Miao, B.
Van Wyk, B.-E., s. Schutte, A. L.
Vlok, J. H. J., s. Schutte, A. L.
Vries, T. de, s. Raamsdonk, L. W. D. van
Walker, J., s. Bain, J. F.
Wetschnig, W.: Giemsa C-banded karyotypes of *Allium ericetorum* and *A. kermesinum* (*Alliaceae*) . . . . . 45
